Our new down sleeping bags make sure you sleep well! They are 100% bluesign® products and let you rest assured thanks to environmentally friendly production, fair manufacturing conditions and the use of RDS-certified down (RDS = Responsible Down Standard). But that's not all! Trapezoidal chambers prevent the filling from sliding around and therefore the formation of cold spots.

HIGHLIGHTS OF ASTRO 550

Warmth Collar

THERMAL COLLAR with Velcro closure avoids cold spots. Three dimensional construction for a comfortable, snug fit around shoulders and neck.

Inside Pocket

internal zip pocket for valuables

Ergofoot

RAISED FOOT BOX designed with the natural feet position in mind, it provides additional comfort and freedom of movement.

Trapezoid-Chamber

Construction

Opposing diagonal trapezoid pockets and additional full-length chambers on the side ensure the down is stabilised. Cold spots are thus avoided guaranteeing maximum warmth insulation.

Dryzone

keeps moisture outside with a water repellent shell material in the head and foot section .

Extra Long (EL)

Tall people can enjoy a perfect fit with our Extra Long EL-models!

Ergo Hood

Easy to use contour hood even in the dark thanks to one round and one flat drawcord
