Pack-Size:	ø 18 cm x 29 cm
Outer lining:	70D PA
Inner lining:	
Fill:	High-Loft Hollowfibre
Fillweight:	320 g
MSRP:	79,95 €

The newly designed sleeping bags for children are totally cosy and let even the smallest adventurers sleep snug and sound. The zips on both sides can be pulled down to open the sleeping bag at the top – and even a child who has already nodded off can be easily put inside. The new inner lining is particularly soft and low-noise. The sleeping bags naturally extend as the child grows.

HIGHLIGHTS OF LITTLE STAR

Expand Volume

1-Layer Construction

The outer shell material is sewn to the upper layer of Polyester fleece. Since this construction can lead to cold spots, we only use it in summer sleeping bags.

Children

PFC Free

High-performance materials with a PFC-free coating to resist water and dirt

Ergo Hood

Easy to use contour hood even in the dark thanks to one round and one flat drawcord

SUITABLE FOR

Kids

Huts

Camping

CONSTRUCT: 1-LAYER

MATERIAL

70D PA

A soft, breathable, non-moisture sensitive, and fast drying shell material. Strong and durable, used on the Starlight EXP and Little Star EXP models.

High-Loft Hollowfibre
