MSRP:	11,95 €

These new small, universal zipped bags are made of super lightweight material and carry – depending on the size – wind protection, arm and leg warmers or camera equipment.

MATERIAL

70D PA Ripstop

This fine nylon material with a 70D fibre is highly abrasion resistant and offers great tear strength. It is also a very lightweight and packable material and therefore ideal for weight conscious products. We use it primarily for our accessories such as storage and pack sacks. It features a PU coating and offers a water protection of 1.000mm WS.
