<b>Weight:</b>	1220 g
<b>Volume:</b>	30 litres
<b>Size:</b>	60 / 24 / 22 (H x W x D) cm
<b>MSRP:</b>	14,000

The Fox, our trekking backpack for kids and youngsters, was revised to provide the technical design and high functionality of our "big" backpacks fully adapted to the needs of kids. The Fox also grows with the child thanks to the VariQuick back length adjustment system so they can have fun longer with their adventure backpack.

## HIGHLIGHTS OF FOX 30

### Vari Quick System

For easy adjustment to any back length.

### Bottom Compartment

With removable separator for ideal gear access and load placement.

### Padded Hip Belt

An additional padding on the hip belt provides more carrying comfort.

### Sternum Strap

The sternum strap stabilizes the pack on the shoulders.

### Valuables Pocket

special pocket on the inside of the pack to keep valuable items safe

### Stretch Compartment

stretch compartment on the inside of the back to stowe sweaty/wet clothes

### SOS-Label

provides the most important tips in case of emergency

### Hydration System 3.0 L

Compatible  
compatible with Streamer 2.0 l & Streamer 3.0 l

### Hiking Pole Attachment

Attachment loops for hiking poles

### Lid pocket

This pocket integrated into the lid guarantees quick access to your gear.

### Load Adjustment Straps

to individually adapt the pack's centre of gravity

### Pull-Forward Hip Fin

allows an easy and precise adjustment

### Contact System

The ergonomically shaped back cushions of the Contact System hug the back and distribute the weight of the load evenly, relieving the load on the back. Additionally, loads are carried easiest when they are close to the body. Channels between the cushions as well the breathable, sturdy 3D Airmesh lining provide pleasant ventilation.

### External Pockets (2)

## SUITABLE FOR

Kids

Hiking

Trekking

Camping

Huts

## MATERIAL

**600D PES**

Made from 600 den Polyester thread and with a thick PU coating, this multi-purpose fabric is robust and lightweight. It is most suitable for backpacks, used in average conditions to keep the weight to a minimum.

**210D PA Ripstop**

Ultra-tight weave, hard wearing 210 Denier Nylon. Recognisable by the very technical, shiny surface incorporating tough Ripstop threads. This lightweight and extremely robust fabric is perfectly suited to the manufacture of lightweight products. Top quality PU coating. This highly technical material is used for lightweight Alpine and Trekking models.
